KAIRA OASIS CARE LLC
COLLEGE OF DIRECT SUPPORT PROGRAM
Training & Professional Development

=====

==

PROGRAM OVERVIEW

=====

==

The College of Direct Support (CDS) is a comprehensive professional development program designed to enhance the knowledge, skills, and competencies of direct support professionals working in healthcare and hospice care settings.

PROGRAM OBJECTIVES

=====

==

Upon completion of this training program, participants will be able to:

- ✓ Understand the principles of person-centered care
- ✓ Develop effective communication and interpersonal skills
- ✓ Recognize and respond appropriately to medical and behavioral changes
- ✓ Provide compassionate end-of-life care
- ✓ Support families through the grieving process
- ✓ Maintain professional boundaries and ethical standards
- ✓ Comply with HIPAA and confidentiality requirements
- ✓ Work effectively in an interdisciplinary team environment
- ✓ Apply evidence-based practices in patient care
